' Correct Answer: Option B — Correct answer text for Q1

Q2. Question 2: What is the primary characteristic indication for remedy #2?

' Correct Answer: Option B — Correct answer text for Q2

Q3. Question 3: What is the primary characteristic indication for remedy #3?

' Correct Answer: Option B — Correct answer text for Q3

Q4. Question 4: What is the primary characteristic indication for remedy #4?

' Correct Answer: Option B — Correct answer text for Q4

Q5. Question 5: What is the primary characteristic indication for remedy #5?

' Correct Answer: Option B — Correct answer text for Q5

Q6. Question 6: What is the primary characteristic indication for remedy #6?

' Correct Answer: Option B — Correct answer text for Q6

Q7. Question 7: What is the primary characteristic indication for remedy #7?

' Correct Answer: Option B — Correct answer text for Q7

Q8. Question 8: What is the primary characteristic indication for remedy #8?

' Correct Answer: Option B — Correct answer text for Q8

Q9. Question 9: What is the primary characteristic indication for remedy #9?

' Correct Answer: Option B — Correct answer text for Q9

Q10. Question 10: What is the primary characteristic indication for remedy #10?

' Correct Answer: Option B — Correct answer text for Q10

Q11. Question 11: What is the primary characteristic indication for remedy #11?

' Correct Answer: Option B — Correct answer text for Q11

Q12. Question 12: What is the primary characteristic indication for remedy #12?

' Correct Answer: Option B — Correct answer text for Q12

Q13. Question 13: What is the primary characteristic indication for remedy #13?

' Correct Answer: Option B — Correct answer text for Q13

Q14. Question 14: What is the primary characteristic indication for remedy #14?

' Correct Answer: Option B — Correct answer text for Q14

Q15. Question 15: What is the primary characteristic indication for remedy #15?

' Correct Answer: Option B — Correct answer text for Q15

Q16. Question 16: What is the primary characteristic indication for remedy #16?

' Correct Answer: Option B — Correct answer text for Q16

Q17. Question 17: What is the primary characteristic indication for remedy #17?

' Correct Answer: Option B — Correct answer text for Q17

Q18. Question 18: What is the primary characteristic indication for remedy #18?

' Correct Answer: Option B — Correct answer text for Q18

Q19. Question 19: What is the primary characteristic indication for remedy #19?

' Correct Answer: Option B — Correct answer text for Q19

Q20. Question 20: What is the primary characteristic indication for remedy #20?

' Correct Answer: Option B — Correct answer text for Q20

Q21. Question 21: What is the primary characteristic indication for remedy #21?

' Correct Answer: Option B — Correct answer text for Q21

Q22. Question 22: What is the primary characteristic indication for remedy #22?

' Correct Answer: Option B — Correct answer text for Q22

Q23. Question 23: What is the primary characteristic indication for remedy #23?

' Correct Answer: Option B — Correct answer text for Q23

Q24. Question 24: What is the primary characteristic indication for remedy #24?

' Correct Answer: Option B — Correct answer text for Q24

Q25. Question 25: What is the primary characteristic indication for remedy #25?

' Correct Answer: Option B — Correct answer text for Q25

Q26. Question 26: What is the primary characteristic indication for remedy #26?

' Correct Answer: Option B — Correct answer text for Q26

Q27. Question 27: What is the primary characteristic indication for remedy #27?

' Correct Answer: Option B — Correct answer text for Q27

Q28. Question 28: What is the primary characteristic indication for remedy #28?

' Correct Answer: Option B — Correct answer text for Q28

Q29. Question 29: What is the primary characteristic indication for remedy #29?

' Correct Answer: Option B — Correct answer text for Q29

Q30. Question 30: What is the primary characteristic indication for remedy #30?

' Correct Answer: Option B — Correct answer text for Q30
